Transmittal Letter

Audit No. 1130-E  March 7, 2012

TO:  Michael Giancola, Director
     OC Waste & Recycling

FROM:  Dr. Peter Hughes, CPA, Director
        Internal Audit Department

We have completed a First Follow-Up Audit of the OC Waste & Recycling Disbursement Approval Process.  Our audit was limited to reviewing, as of January 31, 2012, actions taken to implement the two (2) recommendations from our original audit.  We conducted this First Follow-Up Audit in accordance with the FY 11-12 Audit Plan and Risk Assessment approved by the Audit Oversight Committee and Board of Supervisors.

The results of our First Follow-Up Audit are discussed in the OC Internal Auditor’s Report following this transmittal letter.  Because satisfactory corrective action has been taken for the two (2) audit recommendations, this report represents the close-out of the original audit.

Each month I submit an Audit Status Report to the BOS where I detail any material and significant audit findings released in reports during the prior month and the implementation status of audit recommendations as disclosed by our Follow-Up Audits. Accordingly, the results of this audit will be included in a future status report to the BOS.

Other recipients of this report are listed on the OC Internal Auditor’s Report on page 2.

First and Final Close-Out Follow-Up Audit: OC Waste & Recycling – Disbursement Approval Process

Audit No. 1130-E

March 7, 2012

TO: Michael Giancola, Director
OC Waste & Recycling

FROM: Dr. Peter Hughes, CPA, Director
Internal Audit Department

Issued May 23, 2011

Scope of Review
We have completed a First Follow-Up Audit of the OC Waste & Recycling (OCWR) Disbursement Approval Process. Our audit was limited to reviewing, as of January 31, 2012, actions taken to implement two (2) recommendations from our original audit.

Background
Our original audit evaluated internal controls for approving and processing disbursements (e.g., payments to vendors for commodities and services) and to determine if OCWR’s disbursement approval processes are aligned and consistent with the disbursement approval processes in Auditor-Controller Claims & Disbursing. OCWR Accounting Services is a Satellite Accounting Unit comprised of Auditor-Controller employees who provide accounting services and support to OCWR. Two recommendations were made in the original audit pertaining to duplication of work and maintaining system audit trails. During the original audit period, OCWR processed approximately $54 million in disbursements for commodities and services.

Results
Our First Follow-Up Audit indicated OC Waste & Recycling fully implemented both recommendations. As such, this report represents the final close-out of the original audit. Based on the Follow-Up Audit we conducted, the following is the implementation status of the two (2) original recommendations:

1. Duplication of Work in OC Waste & Recycling and Auditor-Controller Claims & Disbursing (Control Finding)
   Auditor-Controller Claims & Disbursing evaluate the feasibility of delegating disbursement approval responsibility for DPA agreements and purchase orders to OCWR Accounting (and to other Satellite Accounting Offices) given the availability of such information in CAPS+.

   Current Status: Implemented. OCWR Accounting met with Auditor-Controller Claims & Disbursing in September 2011 to discuss the feasibility of delegating disbursement approval responsibility for DPA agreements and purchase orders to OCWR Accounting (and to other Satellite Accounting Offices). It was determined by Auditor-Controller management that it is not feasible at this time to delegate this approval responsibility to the Satellite Accounting Units due to current limited resources and development of the County’s eProcurement project, which is anticipated to change the entire disbursement approval process. Because OCWR and Auditor-Controller Claims & Disbursing evaluated this issue, we consider this recommendation implemented.
2. **Audit Trail for Changes Made During Payment Processing (Control Finding)**

   Auditor-Controller and OCWR Accounting evaluate the feasibility of establishing a workflow process in CAPS+ for the payment review and approval process. If this is not feasible, then OCWR Accounting should consider having the Accounting Technicians “submit” all payment documents as the creator to ensure an audit trail is maintained within CAPS+ for revisions made during the supervisory/management review.

   **Current Status: Implemented.** Auditor-Controller and OCWR Accounting evaluated the feasibility of establishing a workflow process in CAPS+ for the payment review and approval process and determined that it was not feasible at this time due to limited system resources. After this issue was evaluated, Auditor-Controller Claims & Disbursing sent an email to the applicable Satellite Accounting Units clarifying the expectation that staff keying in payments need to “submit” as the creator and then obtain a supervisory review. By doing so, a system generated audit trail is maintained within CAPS+ for revisions made as a result of the supervisory review. OCWR modified its written procedures to reflect this processing change. Because OCWR Accounting took measures to modify their disbursement approval process, we consider this recommendation implemented.

We appreciate the assistance extended to us by OC Waste & Recycling and Auditor-Controller during our Follow-Up Audit. If you have any questions, please contact me directly or Eli Littner, Deputy Director at 834-5899, or Michael Goodwin, Senior Audit Manager at 834-6066.
