Duplicate Vendor Payments: We analyzed 17,047 vendor invoices paid in January 2012 amounting to about $217 million and found 99.98% of the invoices were paid only once. Of the $217 million vendor invoices, we identified four (4) potential duplicate payments made to vendors totaling $165. To date we have identified $982,935 in duplicate vendor payments, of which $970,101 or 99% has been recovered.

Employee-Vendor Conflicts: We analyzed 39,213 employee and 15,341 vendor addresses and phone numbers at December 31, 2011 for employees that bought goods or issued contracts to themselves or a related vendor. We identified two (2) potential conflicts. Department HR staff determined that one (1) was not a conflict and one (1) was a conflict and a violation of department policy. Corrective action is being taken by the department.

We have completed the February 2012 report of Results of Continuous Auditing Using CAATS
(Computer-Assisted Audit Techniques). The final report is attached for your information. Revenues to date from duplicate vendor payments are $970,101.

Each month I submit an Audit Status Report to the Board of Supervisors (BOS) where I detail any material and significant audit issues released in reports during the prior month and the implementation status of audit recommendations as disclosed by our Follow-Up Audits. Accordingly, the results of this audit will be included in a future status report to the BOS.

As always, the Internal Audit Department is available to partner with your staff so that they can successfully implement or mitigate difficult audit recommendations. Please feel free to call me should you wish to discuss any aspect of our audit report.

We appreciate the courtesy and cooperation extended to us by the personnel of your offices. If we can be of further assistance, please contact me or Eli Littner, Deputy Director at (714) 834-5899, or Autumn McKinney, Senior Audit Manager at (714) 834-6106.

SUBJECT:   Results of Continuous Auditing Using CAATS:
           Auditor-Controller, Human Resources, & County Procurement
           Office – Duplicate Vendor Payments and Other Routines

OBJECTIVES

Each month, the Internal Audit Department conducts a variety of
continuous auditing of vendor payment and payroll activity utilizing
Computer-Assisted Audit Techniques (known by the acronym CAAT). Our
objectives are to analyze selected vendor payment and payroll data
to identify:

1. **Duplicate Payments**: Duplicate payments made to vendors. This
   CAAT is performed monthly.

2. **Employee Vendor Match**: Employees that bought goods or issued
   contracts to themselves or a related vendor. This CAAT is
   performed quarterly.

3. **OC Working Retiree/Extra Help Hours**: County retirees working
   as extra help in excess of mandated hour limits of 960 or 720 hours
   for FY 11-12. The mandated limits required by Government Code
   Sections 31680.6 and 31641.04 are per fiscal year and this CAAT is
   performed monthly and annually.

4. **Payroll Direct Deposits**: Multiple employee paychecks directly
   deposited to the same bank account which could be an indicator of
   inappropriate payments. This CAAT is performed monthly.

Audit Highlight

We analyzed 17,047 vendor invoices paid in January 2012
amounting to about $217 million and found 99.98% of the
invoices were only paid once.

Of the $217 million vendor invoices, we identified four (4) potential duplicate
payments made to vendors totaling $165.

To date we have identified $982,935 in duplicate vendor payments, of
which $970,101 or 99% has been recovered.
BACKGROUND
Continuous auditing is a change to the traditional audit approach of periodic reviews of a sample of transactions to ongoing audit testing of 100 percent of transactions. Continuous auditing provides efficient and timely testing of transactions and/or controls to allow immediate notification and remediation by management. An important component of continuous auditing is the development of models for the ongoing (continuous) review of transactions at, or close to, the point at which they occur.

As a supplement to traditional audits performed, Internal Audit performs continuous auditing of selected vendor payment and payroll activities utilizing Computer Assisted Audit Techniques (CAATs).

CAATs are automated queries applied to large amounts of electronic data searching for specified characteristics. We use a proprietary, best practices and industry recognized software product to help us in this process.

CAATs differ from our traditional audits in that CAATs can query 100% of a data universe whereas the traditional audits typically test but a sample of transactions from the population.

Resulting exceptions or findings are forwarded to the appropriate department for validation and/or resolution. Depending on the department’s review, the exceptions may or may not be a finding.

Often there is additional data needed to validate the exception that is only known at the department level. We also partner with the departments to identify internal control enhancements with the purpose of preventing future occurrences of the type of findings identified by the CAATs.

We are keeping the details of our process and the vulnerabilities identified to a general discussion because of the risks associated with disclosing specific details of our financial and accounting processes.

SCOPE
This report details the CAAT work we performed in February 2012. Our analysis included a review of the following data:

1. **Duplicate Payments:** 17,047 vendor invoices totaling $217,035,496 for potential duplicate payments.

2. **Employee Vendor Match:** 39,213 employee and 15,341 vendor addresses and phone numbers at 12/31/11 for potential matches.

3. **OC Working Retiree/Extra Help Hours:** County working retiree/extra help hours worked during FY 11/12 for individuals exceeding annual limits of 960 or 720 hours, as mandated by Government Code Sections 31680.6 and 31641.04.

4. **Payroll Direct Deposits:** 36,081 payroll direct deposit transactions processed for pay periods #1 (12/16/11 – 12/29/11) and #2 (12/30/11 – 1/12/12) for suspicious direct deposit activity.
RESULTS

For the month of February 2012, we found the following:

- **Objective #1 - Duplicate Payments:**  
  We identified four (4) duplicate payments totaling $165 made to vendors of the $217 million of vendor invoices processed during January 2012.

  **Value-added Information**  
  Based on the to-date recoveries of $970,101 from the duplicate vendor payment routine, these computer assisted routines have paid for themselves and are returning monies to the County that may otherwise be lost. To date, we have issued 117 monthly performance reports for the CAATs.

- **Objective #2 – Employee Vendor Match:**  
  This routine is performed on a quarterly basis. At December 31, 2011, we identified two (2) potential employee-vendor conflicts that were submitted to the Human Resources Department (HRD) in January 2012 for further evaluation. As of February 3, 2012, department HR staff determined that one (1) was not a conflict and one (1) was a conflict and a violation of department policy. Corrective action is being taken by the department.

- **Objective #3 – OC Working Retiree/Extra Help Hours:**  
  As of January 26, 2012, no working retirees exceeded the annual limits of 960 or 720 hours for FY 11/12, as mandated by Government Code Sections 31680.6 and 31641.04.

- **Objective #4 – Payroll Direct Deposits:**  
  Analysis performed with no findings noted.

See the Detailed Results section for further information.
Detailed Results

1. Duplicate Payments (Objective #1)
We used a CAAT routine to identify potential duplicate payments made to vendors during January 2012.

A. Results
We identified four (4) potential duplicate payments made to vendors totaling $165 or .0001% of the $217 million of vendor invoices processed during January 2012. The Auditor-Controller continues to investigate all duplicate payments and is pursuing collection. Currently, the County has a recovery rate of about 99% on these duplicate payments that have been identified since the inception of the CAAT routines.

The table below summarizes the duplicate payment activity to date:

B. Background
This CAAT routine concentrates on a sub-set of vendor invoices paid by the County that possesses certain common attributes. The sub-set excludes one-time payments (such as election worker pay, jury duty pay, etc.) as well as recurring payments (periodic payments to the same payee for the same amount such as welfare, family support, etc.).

During the month of February 2012, 17,047 invoices for $217,035,496 were added to this data sub-set representing January 2012 transactions. Currently, the data sub-set includes 967,279 invoices totaling $10,273,375,416. The total data file from which the sub-set is derived includes 2,238,658 records totaling $23,207,820,994. For FY 10-11, established vendor payments were about $2.4 billion.

Our prior research has indicated that the duplicate payments are typically caused by a compounded human clerical error.

2. Employee Vendor Match (Objective #2)
We used a CAAT routine to identify employees that share a similar address or phone number as a vendor. This may identify employees buying goods or issuing contracts to themselves or a related vendor. This routine is performed quarterly.
### Detailed Results

**Status:**
We performed an analysis of employee and vendor addresses and phone numbers at quarter-end December 31, 2011. Two (2) employee-vendor conflicts were identified in the employee-vendor matches we reviewed. These two matches were submitted to the Human Resources Department (HRD) for further evaluation. As of February 3, 2012, department HR staff determined that one (1) was not a conflict and one (1) was a conflict and a violation of department policy. Corrective action will be taken by the department. Our next analysis will be performed at quarter-end March 31, 2012.

**3. OC Working Retiree/Extra Help Hours (Objective #3)**

We performed an analysis of working retiree hours to identify retirees working as extra help in excess of Government Code Sections 31680.6 and 31641.04 mandated limits. Our criteria are 960 hours (maximum allowed for regular retirees) or 720 hours (maximum for early retirees) during the fiscal year (FY) 2011-2012.

**Status:**
The Government Code Section 31680.6 and 31641.04 mandated limits are per fiscal year and we perform this review monthly. As of January 26, 2012, there were 116 OC working retirees with hours; non-County working retirees are excluded from these totals (e.g. Superior Court, OCERS, LAFCO, etc.). As of January 26, 2012, no OC working retiree exceeded the annual limits.

For FY 11-12, as of January 26, 2012, OC working retiree/extra-help data is:

**4. Payroll Direct Deposits (Objective #4)**

We used a CAAT to identify multiple employee paychecks directly deposited to the same bank account in the same pay period. We review results to determine there has been no irregular direct deposit activity. For FY 10-11, direct deposits for regular payroll were about $1.3 billion.

**Results:**
This CAAT was applied in February 2012 with no significant findings.
