OC Fraud Hotline (714) 834-3608
We have completed our Audit of Integrated Waste Management’s’ Performance Indicators for the fiscal year 2005-2006 Results included in the 2007-2008 Business Plan. On March 18, 2008 by resolution of the Board of Supervisors, the name for Integrated Waste Management was changed to OC Waste & Recycling. The final Internal Auditor’s Report is attached along with your response to our recommendation.

In developing our PMV audit program we benchmarked with Maricopa County, Arizona Internal Audit Department’s Performance Measure Certification program. Maricopa County has been conducting their certification program for over five years and has received several awards and has been referred to as the “gold standard” of performance measurement auditing by the Government Accounting Standards Board (GASB). Our approach closely mirrors the award winning approach developed by the Maricopa County Internal Audit Department.

Please note we have a structured and rigorous Follow-Up Audit process in response to recommendations and suggestions made by the Audit Oversight Committee (AOC) and the Board of Supervisors (BOS). As a matter of policy, our first Follow-Up Audit will now begin at six months from the official release of the report. However, we will not perform our first follow-up until after the next Business Plan cycle. A copy of all our Follow-Up Audit reports is provided to the BOS as well as to all those individuals indicated on our standard routing distribution list.

The AOC and BOS expect that audit recommendations will typically be implemented within six months and often sooner for significant and higher risk issues. Our second Follow-Up Audit will now begin at 12 months from the release of the original report, by which time all audit recommendations are expected to be addressed and implemented. However, we will not perform our second follow-up until after the next Business Plan cycle.

At the request of the AOC, we are to bring to their attention any audit recommendations we find still not implemented or mitigated after the second Follow-Up Audit. The AOC requests that such open issues appear on the agenda at their next scheduled meeting for discussion.
Each month I submit an Audit Status Report to the BOS where I detail any material and significant audit findings released in reports during the prior month and the implementation status of audit recommendations as disclosed by our Follow-Up Audits. Accordingly, the results of this audit will be included in a future status report to the BOS.

As always, the Internal Audit Department is available to partner with your staff so that they can successfully implement or mitigate difficult audit recommendations. Please feel free to call me should you wish to discuss any aspect of our audit report or recommendation.

Additionally, we will request your department complete a Customer Survey of Audit Services. You will receive the survey shortly after the distribution of our final report.

INTERNAL AUDITOR’S REPORT

AUDIT NO. 2754

TO: Janice V. Goss, Director
OC Waste & Recycling

FROM: Dr. Peter Hughes, CPA, Director
Internal Audit Department

SUBJECT: Performance Measure Validation Audit of Integrated Waste Management Department 2005-2006 Performance Indicators

Scope of Review
We have completed our Audit of Integrated Waste Management’s’ Performance Indicators for the fiscal year 2005-2006 Results included in the 2007-2008 Business Plan. On March 18, 2008 by resolution of the Board of Supervisors, the name for Integrated Waste Management was changed to OC Waste & Recycling. Our audit included obtaining an understanding of the methodology in place for collecting and reporting Outcome Indicator Results by interviewing key personnel, observations, and reviewing source documentation. Our audit scope did not include an assessment of the appropriateness of your Outcome Indicators based on your mission, goals and objectives.

We have initiated our PMV audits at the request of the Audit Oversight Committee. Our approach is to review performance results, assign validation ratings, report conclusions, and make recommendations. Our validation program is designed to provide assurance to the Board of Supervisors, the County Executive Officer, and you and other stakeholders that reported Outcome Indicators are reliable and can be utilized in decision making covering Government resources with confidence.

In developing our PMV audit process we benchmarked with Maricopa County, Arizona Internal Audit Department’s Performance Measure Certification program. Maricopa County has been conducting their certification program for over five years and has received several awards and has been referred to as the “gold standard” of performance measurement auditing by the Government Accounting Standards Board (GASB). Our approach closely mirrors the award winning approach developed by the Maricopa County Internal Audit Department.

We conducted our audit in accordance with the Standards for the Professional Practice of Internal Auditing established by the Institute of Internal Auditors.
Results
For each Outcome Indicator tested, we reported the results using one of the three Rating Definitions shown below.

<table>
<thead>
<tr>
<th>Rating Definitions</th>
</tr>
</thead>
<tbody>
<tr>
<td>5 Star  ⭐⭐⭐⭐⭐⭐⭐⭐⭐⭐⭐⭐  We found adequate supporting documentation.</td>
</tr>
<tr>
<td>4 Star  ⭐⭐⭐⭐⭐⭐⭐           We found adequate supporting documentation with some recommendations for improvement.</td>
</tr>
<tr>
<td>3 Star  ⭐⭐⭐⭐⭐             We noted opportunities for improvement.</td>
</tr>
</tbody>
</table>

Based on our audit of the fiscal year 2005-2006 Results reported in your 2007-2008 Business Plan, we rated 86% of your reported Outcome Indicator Results as 5 Star. We tested seven (7) Outcome Indicator Results and rated six (6) as 5 Star, and one (1) as 4 Star. One page 3, we have provided a table (Summary Table – Validation Results) that lists for each Outcome Indicator, the reported results, and our rating of the accuracy of Integrated Waste Management’s results. For the Outcome Indicator Result that was rated a 4 Star, we have provided detail along with recommendations for enhancements over the gathering and reporting of the Outcome Indicator Results in the Findings, Recommendations and Management Responses section of this report.

Acknowledgment
We appreciate the courtesy and cooperation extended to us during the audit by the personnel of OC Waste & Recycling. If we can be of further assistance, please contact me or Eli Littner, Deputy Director at (714) 834-5899 or Alan Marcum, Senior Audit Manager at (714) 834-4119.

DETAILED OBSERVATION, RECOMMENDATION AND MANAGEMENT RESPONSE

FINDING No. 1 (4 Star)

Integrated Waste Management Performance Indicator: Number of habitat acres currently under restoration/mitigation.

Integrated Waste Management Stated Results: FRB Landfill monitored and maintained 32.81 acres of Coastal Sage Scrub, 2.15 acres of oak and sycamore woodland, 0.14 acres of riparian scrub. Develop a Habitat Mitigation Plan to coordinate Central Region's mitigation activities to meet the ecological needs of the Region and the Interests of the Resource Agencies. Maintained a cooperative working relationship with Resource Agencies (ACOE and USFW) on habitat management issues.

The Board of Supervisors Internal Audit Department validation found that IWMD submitted six annual monitoring reports on the Frank R. Bowerman (FRB) Landfill during fiscal year 2005-2006. The annual monitoring reports for the resource agencies that monitor and enforce mitigation regulations described plans to meet the ecological needs of the region and the interests of the resource agencies. The annual monitoring reports stated the mitigation performance results and quantity of impacted area.

A review of the annual monitoring reports disclosed that the number of acres maintained with oak and sycamore woodland along with riparian scrub were consistent with IWMD’s 2005-2006 results. However, the annual monitoring reports disclosed that coastal sage scrub was maintained over an aggregate of 39.21 acres. IWMD's 2005-2006 results stated that coastal sage scrub was monitored and maintained over 32.81 acres which differed from annual monitoring reports by 6.40 acres or 20%.

Recommendation No. 1
We recommend that OC Waste & Recycling for future Business Plans ensure that reported results are properly stated.

OC Waste & Recycling Management Response: Concur. OC Waste & Recycling will require that supporting documentation, including an explanation of methodology used for calculations, be approved by the respective division manager and submitted with reported results. This will be implemented with the 2009 OC Waste & Recycling Business Plan preparation process.
April 4, 2008

To: Peter Hughes, CPA, Director  
Internal Audit

From: Janice V. Goss, Director  
OC Waste & Recycling

Performance Indicators, Audit No. 2754

The OC Waste & Recycling (OCWR, formerly Integrated Waste Management Department) response to the recommendation made by your office to the subject report is the following:

Recommendation No. 1
We recommend that Integrated Waste Management for future Business Plans ensure that reported results are properly stated.

OCWR Management Response:
Concur. OC Waste & Recycling will require that supporting documentation, including an explanation of methodology used for calculations, be approved by the respective division manager and submitted with reported results. This will be implemented with the 2009 OC Waste & Recycling Business Plan preparation process.

If OCWR can be of further assistance in this audit, please contact myself or Rochelle Carpenter at (714) 834-4060.

Janice V. Goss
