Independent Accountant’s Review Report

The Honorable Board of Supervisors
County of Orange, California

We have reviewed the accompanying Schedule of Assets Held by the County Treasury—Modified Cash-Basis (financial schedule) of the County of Orange, California, as of March 31, 2018, pursuant to Government Code Section 26920(a). A review includes primarily applying analytical procedures to management’s financial data and making inquiries of department management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial schedule as a whole. Accordingly, we do not express such an opinion.

Management’s Responsibility for the Financial Schedule
Management is responsible for the preparation and fair presentation of this financial schedule in accordance with the modified cash-basis of accounting; this includes determining that the basis of accounting the County Treasury uses for financial reporting is an acceptable basis for the preparation of financial schedules in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Accountant’s Responsibility
Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial schedule for it to be in accordance with the modified cash-basis of accounting. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant’s Conclusion
Based on our review, except for the issue noted in the Known Departure from Modified Cash-Basis of Accounting paragraph, we are not aware of any material modifications that should be made to the accompanying financial schedule in order for it to be in accordance with the modified cash-basis of accounting.

Known Departure from Modified Cash-Basis of Accounting
The financial schedule is prepared in accordance with the modified cash-basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Receipts are recognized when received by the Treasurer; disbursements are recognized when paid by the bank; and the value of investments is stated at fair value. The modified cash-basis of accounting requires that financial statements include adequate disclosures. Management has elected to omit all disclosures ordinarily included in a financial schedule prepared on the modified cash-basis of accounting. If the omitted disclosures were included in the financial statement, they might influence the users’ conclusions about the County Treasury’s assets.
Other Matter

This report is intended solely for the information and use of the Board of Supervisors and the management of the Orange County Auditor-Controller. However, this report is a matter of public record and its distribution is not limited.
