## **INDEPENDENT AUDITOR'S REPORT**

To the Board of Directors  
of the Trabuco Canyon Public Financing Authority  
Trabuco Canyon, California

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the Trabuco Canyon Public Financing Authority (Authority), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

To the Board of Directors  
of the Trabuco Canyon Public Financing Authority  
Trabuco Canyon, California

***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Authority, as of June 30, 2020, and the respective changes in financial position, and, cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

***Report on Summarized Comparative Information***

We have previously audited the Trabuco Canyon Public Financing Authority's 2019 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated December 13, 2019. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2019 is consistent, in all material respects, with the audited financial statements from which it has been derived.

***Required Supplementary Information***

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

**Note 1 – Reporting Entity and Summary of Significant Accounting Policies**

***Organization and Operations of the Reporting Entity***

The Trabuco Canyon Public Financing Authority (Authority) was formed on August 18, 1993, under a joint Exercise of Powers Agreement, by and between the Trabuco Canyon Water District (District) and Community Facilities District No. 7 of the District. The purpose of the agreement was to establish an authority for the purpose of acquiring, constructing, modifying, and rehabilitating facilities; undertaking a program of local agency bond pooled financing, refinancing and lending pursuant to the Marks-Roos Act; and to develop other powers to benefit the group to the extent permitted by the laws and regulations governing such operations.

The criteria used in determining the scope of the financial reporting entity is based on the provisions of Governmental Accounting Statements No. 61, *The Financial Reporting Entity*. The Authority is the primary governmental unit based on the foundation of a separately elected governing board that is elected by the citizens in a general popular election. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. The Authority is financially accountable if it appoints a voting majority of the organization's governing body and: 1) It is able to impose its will on that organization, or 2) There is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government.

***Basis of Accounting and Measurement Focus***

The Authority reports its activities as an enterprise fund, which is used to account for operations that are financed and operated in a manner similar to a private business enterprise, where the intent of the Authority is to service the debt of the District through debt service payments received from the District. Revenues and expenses are recognized on the full accrual basis of accounting. Revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period incurred, regardless of when the related cash flows take place. Revenues and expenses result from exchange transactions associated with the principal activity of the Authority. Exchange transactions are those in which each party receives and gives up essentially equal values.

***Financial Reporting***

The Authority's basic financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP), as applied to enterprise funds. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Authority solely operates as a special-purpose government which means it is only engaged in business-type activities; accordingly, activities are reported in the Authority's enterprise fund.

***Use of Estimates***

The preparation of the basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities they also include disclosures of contingent assets and liabilities at the date of the financial statements and the reported changes in net position during the reporting period. Actual results could differ from those estimates.

**Note 1 – Reporting Entity and Summary of Significant Accounting Policies (Continued)**

***Revenue Recognition***

The Authority recognizes revenues from interest earnings when they are earned, operating activities generally result from providing services and producing and delivering goods. As such, the Authority considers interest earned to be operating revenue.

***Economic Dependence***

The Authority provides financial assistance to the District by financing the water improvement facilities for proposed future developments within the District. As such, all of the Authority's revenues and installment sale agreement receivables result from an installment sale agreement between the Authority and the District.

***Comparative Financial Statements and Reclassifications***

The information included in the accompanying financial statements for the prior year has been presented for comparison purposes only and does not represent a complete presentation in accordance with generally accepted accounting principles. Certain amounts presented in the prior year financial statements have been reclassified in order to be consistent with the current year's presentation.

**Note 2 – Installment Sale Receivable**

The Authority entered into an installment sale agreement with the Trabuco Canyon Water District for the purpose of providing funding for the principal and interest on the long-term debt.

Changes in the installment sale receivable were as follows:

Balance July 1, 2019	Payments	Balance June 30 2020	Current Portion	Noncurrent Portion
<u>\$ 890,000</u>	<u>(890,000)</u>	<u>-</u>	<u>-</u>	<u>-</u>

**Note 3 – Long-Term Debt**

Changes in long-term debt were as follows:

Balance July 1, 2019	Payments	Balance June 30 2020	Current Portion	Noncurrent Portion
<u>\$ 890,000</u>	<u>(890,000)</u>	<u>-</u>	<u>-</u>	<u>-</u>

***1994 Series C – Refunding Revenue Bonds***

On April 15, 1994, the Authority issued \$12,080,000 of water and wastewater refunding revenue bonds to refund a prior outstanding issuance. The bonds are scheduled to mature in fiscal year 2020. Interest installments are payable each fiscal year at rates of 6.0% to 6.1% on July 1st and January 1st, while principal payments are due on July 1st. The debt was paid off during the year.
