INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Silverado-Modjeska Recreation and Parks District Silverado, California

Report on the Financial Statements

We have audited the accompanying financial statements of the enterprise activities and the governmental activities of Silverado-Modjeska Recreation and Parks District, as of and for the year ended June 30, 2020, as listed in the table of contents, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the State Controller's Minimum Audit Requirements for California Special Districts. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the enterprise activities and the governmental activities of Silverado-Modjeska Recreation and Parks District as of June 30, 2020, and the results of its operations and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America, as well as the accounting systems prescribed by the State Controller's Office and State Regulations governing Special Districts.

Other Matters

Required Supplementary Information

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

Other Information

The supplemental information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements of Silverado-Modjeska Recreation and Parks District. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Robert w. Johnson, an accountancy Corporation

Citrus Heights, California

1. Organization:

Silverado-Modjeska Recreation and Parks District (the "District") is a California special district organized March 21, 1961 to provide park and recreation activities plus open space preservation activities within the District.

The District is governed by a Board of Directors elected by the voters of the District.

2. Summary of Significant Accounting Policies:

The financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is the standard-setting body for establishing GAAP for state and local government organizations. The District's significant accounting policies are described below.

Measurement Focus and Basis of Accounting

The District reports a *General Fund* that is used to account for all financial resources except those required or designated by the Board of Directors to be accounted for in another fund.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flow takes place. Non-exchange transactions, in which the District gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants, entitlements and donations. Revenues from grants, entitlements and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers revenues to be available if they are collectible in the current period or soon enough thereafter to be used to pay liabilities of the current period. Revenues that are accrued include property taxes, interest income, and charges for current services. Revenues that are not accrued include permits and fines, forfeitures, and penalties, if applicable. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due. General capital assets are reported as expenditures in governmental funds. Proceeds of general long-term and capital assets are reported as other financing sources.

2. Summary of Significant Accounting Policies (continued):

Measurement Focus and Basis of Accounting, continued

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in the government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

Fund Accounting

The accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The two funds in these financial statements are grouped as follows:

Governmental Fund

The governmental fund is used to account for all financial resources of the recreation and parks department. This fund is also used to establish accounting control and accountability for fixed assets of the aforementioned activity.

Enterprise Fund

The enterprise fund is used to account for the child care operation that is financed and operated in a manner similar to private business enterprises. The intent of the District is that the costs (expenses, including depreciation) of providing services to the general public on a continuing basis be financed or recovered primarily through user charges.

Capital Assets

Capital assets are recorded at historical cost if purchased or constructed. Structures and equipment are depreciated using the straight-line method over their estimated useful lives.

2. Summary of Significant Accounting Policies, continued:

Budgets

In accordance with the provisions of Sections 13901 through 13906 of the California Health & Safety Code and other statutory provisions, commonly known as the Budget Act, the District is required to prepare a final balanced budget for each fiscal year.

Cash

The District maintains cash balances with the Treasurer of the County of Orange in an interest-bearing pooled investment account and in checking accounts with a bank. Cash in bank accounts is covered by Federal depository insurance.

Property Taxes

The District receives property taxes from the County of Orange. Property taxes become a lien on the first day of the year they are levied. Secured property tax is levied on July 1 and due in two installments, on November 1 and February 1. They become delinquent on December 10 and April 10, respectively. Unsecured property taxes are levied on July 1, and become delinquent on August 31.

Statement of Cash Flows

All highly liquid investments with a maturity of three months or less when purchased, are considered to be cash equivalents.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

2. Summary of Significant Accounting Policies, continued:

Net Position

Net position is classified in the following categories:

<u>Net Investment in capital assets</u> – groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction, or improvement of these assets reduce this category.

<u>Restricted</u> – presents external restrictions imposed by creditors, grantors, contributors or laws and regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

<u>Unrestricted</u> – represents the net position of the District, which are not restricted or invested in capital assets net of related debt.

Fund Balance

Fund balance is classified in the following categories:

<u>Restricted</u> – includes fund balance amounts that are subject to externally enforceable legal restrictions or constrained for a specific purpose by external parties, constitutional provisions or enabling legislation.

<u>Committed</u> – includes fund balance amount that can only be used for specific purposes pursuant to constraints imposed by the formal actions of the District's Board of Directors.

<u>Assigned</u> – includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed.

<u>Unassigned</u> – includes fund balance which has not been classified within the above mentioned categories.

3. Cash and Investments:

At year-end the carrying amount of the District's deposit was \$266,282 and the bank balance was \$269,980. The funds are either secured by federal depository insurance or are collateralized.

			Recreation <u>& Park</u>	Child <u>Care</u>
Checking Savings Cash with County			\$ 193,417 - 	\$ 6,186 7,209
			\$ <u>252,887</u>	\$ <u>13,395</u>
4. Changes in Capital Assets:				
Child Care	Balance <u>7-1-19</u>	Additions	Disposals/ Transfers	Balance 6-30-20
Land Buildings Equipment	\$ - 290,015 54,622	\$ - 3,570 	\$ - - 	\$ - 293,585 54,622
	\$ <u>344,637</u>	\$3,570	\$	\$ <u>348,207</u>
Recreation and Parks				
Land Buildings Equipment	\$ 21,144 1,212,671 <u>28,357</u>	\$ - 1,900 	\$ - - -	\$ 21,144 1,214,571 28,357
	\$ <u>1,262,172</u>	\$ <u>1,900</u>	\$	\$ <u>1,264,072</u>

5. Risk of Loss:

Silverado-Modjeska Recreation and Parks District is exposed to various risks of loss related to theft of, damage to, and destruction of assets; and injuries to employees. During the 2020 fiscal year, the District purchased certain commercial insurance coverages to provide for these risks.

6. Subsequent Events:

Management has evaluated subsequent events through February 10. 2021, the date these June 30, 2020 financial statements were available to be issued.

7. COVID-19:

The COVID-19 pandemic has led to the cancellation of events in the park and recreation areas. The District had a loss of revenue from wedding rentals, other rental of facilities, summer concerts, fundraising events, program income, Senior Lunches, and swap meet income.

The Silverado Children's Center (SCC) was significantly affected by not only having a significantly fewer number of children, but was also closed for a period. SCC also lost revenue from fundraisers that are normally held throughout the year. For the time SCC was closed staff was initially kept on payroll. Unfortunately, after two months of closure SCC was unable to continue to pay them. When SCC reopened, fewer children are attending, and there is a limit on full-time and part-time equivalent capacity. In addition, there are added costs with cleaning SCC before and after shifts.
